E21

E21 ELECTRIC CHAINSAW

ELECTRIC CHAINSAW

E21 is suitable in cutting the following kinds of materials:

- MASONRY
- PERFORATED BRICK
- TUFFO
- GASBETON
- YTONG
- SIPOREX
- WOOD FIBER BLOCKS
- POROTON

The new Chain Anti-Stretch system reduces chain tensioning to a minimum for the entire chain life.

Now **E21** is available in 3 different power levels: 1800, 2300 and 2800 watts.

E21 is a Comer product manufactured and assembled in Italy.

The Comer electric, hand held chainsaw is the result of many years of experience in dry cutting of all light construction materials. The **E21** represents the safest, fastest and most reliable way to cut. The low RPM's give increased safety, less kick-back and reduced breaks when compared to chainsaws regularly utilized in the building sector.

TECHNICAL DATA

Tension	230 V / 50 Hz
Power	1800 Watt 2300 Watt 2800 Watt
Engine speed	2000 rpm
Weight	7 kg

AVAILABLE BAR AND CHAIN LENGTHS

GUIDEBAR	30 cm for chain 46 segments
GUIDEBAR	43 cm for chain 59 segments
GUIDEBAR	53 cm for chain 68 segments

GUIDEBARS PITCH 1,6

• **STELLITE:**

The guidebar has Stellite rails to increase life and straightness of cut which is especially important for cutting wall openings.

• **NOSE SPROCKET:**

To increase chain life, reduce wear and resistance on the saw.

COMER WIDIA CHAIN PITCH 404

• **EF:**

Standard chain suitable for Gasbeton, Ytong, Tufo and soft stone.

• **MM:**

Superior chain suitable for Poroton and Leka Block.

CUTS EXAMPLES

Gasbeton e Siporex cuts

Natural soft stone cuts

SAFETY

In case of kick-back or operator's error the Comer chain brake stops the chain in 1/10 of a second. For the re-establishment play on the red device only.
