* Asbestos is a hazardous material, known to cause serious respiratory diseases. Cutting into asbestos can release asbestos fibers into the air. Always research and follow the correct safety procedures, including applicable national and state or provisional occupational health and safety regulations, and protect yourself and those around you from asbestos-related disease. Always arrange for the material to be removed safely by a qualified person. ICS is not responsible for exposure to asbestos caused by use of this product.

Diamond Chain Technology

Diamond chains are not all created equal, so insist on Diamond Chains from ICS®, the people who invented the technology. As the inventors of Diamond Chain Technology™, ICS is committed to continually improving the quality and versatility as well as the perfect blend of power, precision and efficiency: chains specifically designed for different power cutter types as well as the many different materials you encounter on the job. Choosing the right chain for your needs is essential to getting the best value for your purchase.

FORCE4

DIAMOND CHAIN®

Designed to be the strongest, longest lasting diamond chains ever made, the FORCE4 series delivers unrivaled performance in professional cutting applications. With eight different configurations, there is a FORCE4 chain to meet any cutting challenge.

FORCE4 Cross-LINK
Faster cuts, smoother handling, longer life

FORCE4 Standard
Tough, general purpose diamond chain

FORCE4 Premium L
Delivers longer life in hard aggregate

FORCE4 Premium S
Speed and strength in one diamond chain

FORCE4 Abrasive
Excels in the most abrasive cutting environments

FORCE4 Wide Kerf (.375")
Best for door installation

FORCE4 Sandwich Segment
Improved cut straightness and longer side clearance

FORCE4 Hard Aggregate (Texas) Chain
Soft segment for very hard materials

FORCE3

DIAMOND CHAIN

Designed to be used with the full line of ICS petrol power cutters, these chains offer the ultimate combination of versatility and affordability. Available in three configurations to match your specific application and cutting challenges.

FORCE3 Standard

Fast cutting, economical chain for everyday use.

FORCE3 Premium

Best chain to cut harder aggregates and heavier rebar.

FORCE3 Brick

Larger segments for longer life. Best for cutting brick, block and more.

PowerGrit® PIPE CUTTING CHAIN

PowerGrit® XL PIPE CUTTING CHAIN

Utilized by public and private water and wastewater departments worldwide, this patented platform exclusively from ICS is designed to cut a variety of materials from ductile iron to plastic pipe. Featuring a brazed layer diamond coating on our FORCE4 platform, this chain makes your job safer, faster and easier.

PowerGrit

Designed to cut ductile iron, cast iron and more.

PowerGrit XL

Specifically designed to cut high-density polyethylene (HDPE).
